## **DETAILED ACTION**

### ***Terminal Disclaimer***

1. The terminal disclaimer filed on June 14, 2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US patent No. 6,600,236 has been reviewed and is accepted. The terminal disclaimer has been recorded. It is noted that the June 14, 2007, filing date of the terminal disclaimer is after the March 22, 2007 deadline; however, a petition to revive the unintentionally abandoned application under 37 CFR 1.137(b) after the application became abandoned for failure to file a timely reply was granted on October 1, 2007, and the terminal disclaimer has thus been timely filed.

### ***Allowable Subject Matter***

2. Claims 1, 2, 4-11, 13, 16, and 17 allowed.
3. The following is an examiner's statement of reasons for allowance:

Claims 1, 2, 4-11, 13, 16, and 17 are allowed because none of the prior art of record discloses or suggests the combination of (a) the claimed fuse panel; (b) the claimed lighting selection junction box; (c) the claimed console panel; and (d) the claimed universal wiring harness, in combination with the remaining claimed features, and as noted in the Office Action dated September 22, 2006, the subject matter other than the claimed plug and play connectors was patented in U.S. Patent No. 6,600,236, and a timely filed terminal disclaimer was received on June 14, 2007.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Response to Arguments***

4. Applicant's arguments, see Remarks, filed June 14, 2007, with respect to the objections and rejections have been fully considered and are persuasive. The objections and rejections have been withdrawn.
